

Sauce & Spoon Project Plan

[illegible]

Task Brainstorm

Task	Notes	Estimated Duration (Days)	Optimistic	Most Likely	Pessimistic	Confidence Rating (H/M/L)	Known Dates
MILESTONE: CHOOSING A TABLET VENDOR							
Research tablet features	Find which tablet vendors offer services we are interested in utilizing	8.1	7	7	14	H	
Have GMs communicate with waitstaff regarding menu tablet implementation	Gilly and Alex to set-up an introductory meeting on the tablets to waitstaff, receive staff feedback	0	0	0	0	H	
Generate quotes and review costs	Review how much tablets, installation, training, and increased overhead (if any) will likely costs	3	3	3	7	H	
Create contracts and statements of work for vendors	Reach out to legal to review regulations, draft contracts	3	3	5	7	M	
Establish data points to track success metrics from the menu tablets	Deanna, Gilly and Alex to determine	3	2	3	5	H	
Consult cybersecurity consultant on consumer data protection for menu tablets	Peta to reach out, include Seydou on correspondence	2	2	1	4	M	
MILESTONE: COUPON COMPLETION							
Identify which menu items will have coupons, as well as, the coupon value	Waiting on Carter to finalize new menu	8.5	2	7	21	M	
Write copy for appetizer promotions/coupons	Waiting on Carter to finalize new menu	8.5	1	7	10	M	
MILESTONE: MENU TABLET CUSTOMIZATION/DEVELOPMENT							
Organize with vendors to program the menus to look and feel like printed hardcopy menus	Provide scans of approved hardcopy menus to vendors	1	1	2	4	H	
Connect the Sauce & Spoon marketing team with Terrific Tablets for branding	Peta to set-up meeting between Terrific Tablets and S&S marketing	0	0	1	2	M	
Include an allergen menu	A tab detailing which foods have potential allergies, as well as, being able to sort by allergy	3	1	2	4	M	
Include multiple language options for the menu	Should be a language dropdown when customer sit at their tables	3	1	2	4	M	
Integrate tablet software with current host software	May need to update our current POS software to either 3.0, or above to accommodate menu tablet software	1.19	0.12	1	3	L	
Integrate tablet software with current POS system	or above to accommodate menu tablet software	1.19	0.12	1	3	L	
Create a customer satisfaction survey to pop-up after meal payment	Determine which success metrics to include in the survey	0	1	0	2	H	
MILESTONE: COMPLETE TRAINING							
Create training plan	Management, front of house, and back of house training	7	5	7	8	H	
Have tablets shipped and available for training	Shipment to be delayed a couple of days, as the updated tablets are stuck overseas, dished tablets are available but are in a warehouse in a separate. Should still be on track for our launch date even with the added couple of days	7.5	7	7	10	L	
Schedule pre-training meeting	Introduce tables and changes to staff before training them on the tablets	0	0	1	0	H	
Train key staff members of the North and Downtown locations on menu tablets, including how to update menu items	Seydou will train managers first	15	10	14	21	H	
Previously trained staff members train rest of staff at their respective locations, including how to update menu items	Managers will train staff at their locations	15	10	14	21	H	
MILESTONE: TABLET IMPLEMENTATION							
Create launch day plan: staff training, troubleshooting, etc.	Get with GMs, Seydou, and Deanna for a brainstorm meeting	7	7	7	10	H	
Schedule an electrician	Restaurants can't be closed all day, will need to split their service over two days for both locations	4	2	4	6	M	
Implement tablets in the bar area of North and Downtown locations	Confirm installation at the proper locations - may have less than expected tablets until update versions arrive from overseas	4	2	4	6	M	
Schedule a "testing day": invite friends and family to mimic a full service to troubleshoot menu tablets	Remind staff members to invite their friends and families to test new service, maybe discuss including an incentive to encourage participation	2	1	2	4	H	
MILESTONE: TABLET LAUNCH							
Review Testing Day feedback		0	0	0	0	H	
Complete software/service adjustments		3	1	2	4	H	
Launch day		0	0	0	0	H	
MILESTONE: TABLET REPLACEMENT (NEW VERSION)							
Receive new tablet shipment	Replace old tablets after closing hours	Will be completed after initial launch					
Install new menu tablet	Will only involve changing the plugs	Will be completed after initial launch

Quality and Evaluation

[illegible]

Survey Questions

Quality Standards Criteria/Description	Evaluation Questions	Evaluation Indicators	Survey Question	Question Type	Question Answer Options (depends on question type)				
					Option #1	Option #2	Option #3	Option #4	Option #5
Calculating average ticket time - the amount of time between placing an order and delivering it to the table - reduce average time by 30 minutes	Is the kitchen-to-table wait time decreasing?	Average ticket to table time reduced by 30 minutes	Are the meal tickets easier to read, resulting in less need to go back to the customer for clarification before preparing their meal?	Yes/No	Yes	No			
			How long did you wait before receiving your food today?	Multiple choice	5-10 minutes	10-15 minutes	15-20 minutes	20-25 minutes	30+ minutes
Having a one-minute checkout time to ensure the checkout process is easy to navigate	Are the tablets easy to use?	Customers are only taking a minute to checkout/pay	On a scale of 1-5, "1" being "Very complicated" and "5" being "Very easy", were the checkout instructions easy to understand?	Scaled	Very complicated	Somewhat complicated	Neutral	Somewhat easy	Very easy
			Did you pay by card today?	Yes/No	Yes	No			
Average wait time for (-)10 minutes before customers are seated less than 5% of customers report technical issues per week	Are the tablets increasing service speed decreasing wait times in the lobby? What are the most common participant reactions?	Average wait time for customers in lobby reduced to sub-10 minutes less the 5% of customers per week experience technical issues	How long did you wait before being seated?	Multiple choice	0-5 minutes	5-10 minutes	10-15 minutes	15-20 minutes	20+ minutes
			Did you experience any technical difficulties during your meal? If yes, please describe. Have you experienced technical difficulties with out tablets before?	Open-ended	Open-ended				
Aiming for a 98% accuracy	How often are meals being sent back to the kitchen and being remade due to being inaccurate?	A 98% ticket accuracy	Did you receive everything you ordered on the first try today?	Yes/No	Yes	No			
				True/False	TRUE	FALSE			
			On a scale of 1-5, 1 being "Definitely Not" and 5 being "Absolutely!", would you recommend our restaurant to your friends based on the food you were served today?	Scaled	Definitely Not	No	Maybe	Sure	Absolutely!

Percent meals served as ordered

Incorrect order item vs. Other
